b. would see
c. sees
d. seeing
7. The shopping centre is to the airport.
a. outside
b. between
c. next
d. behind

II- Reading Comprehension (12 Ms)

Read the following passage carefully, then answer the questions below:

There are four seasons in the year: winter, spring, summer and autumn. Autumn is the season that falls between summer and winter. There are many changes that begin in this beautiful season. Days become shorter and it starts to get dark earlier. Trees turn from green to red, yellow and orange. Trees need sunshine to keep their green colour. Without sunshine trees will not be strong and their leaves may fall down. The weather becomes cooler and sometimes windy or cloudy. Animals start to look for food and save it to go through winter months. These changes happen as we move from the hot weather in summer to the cold weather in winter.

A. Choose the correct answer from a, b, c, and d:(4X2=8 Ms)

1. The best title for this passage is:

a. Autumn	b. Sunshine
c. Four Seasons	d. Animals' Food
2. The opposite of the underlined word (shorter) in line (3) is:

a. bigger	b. smaller
c. longer	d. higher
3. The underlined word (their) in line (5) refers to:

a. seasons	b. days
c. changes	d. trees
4. Animals save food in autumn because they:

a. change colour	b. hide in winter
c. may fall down	d. keep their green colour

B. Answer the following questions: (2x2=4 Ms)

5. Which season comes before autumn?

Summer comes before autumn.

6. Why do trees change colour?

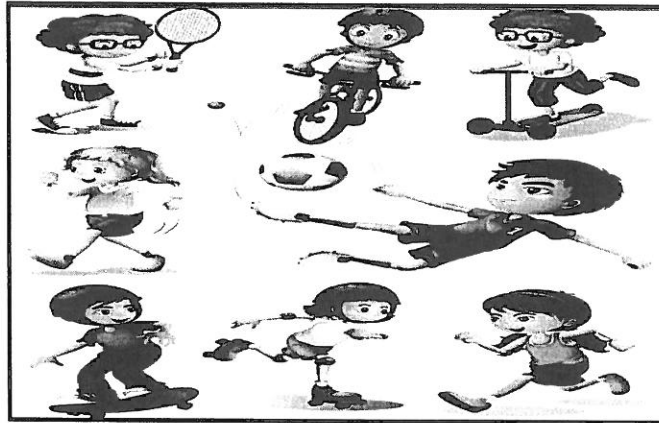

Because there is not enough sunshine./ Days are shorter. /It gets dark earlier.

(Any reasonable answer related to the passage is accepted)
