II. Reading Comprehension (6m.)

William Shakespeare was the most famous poet and writer in the history of England. He was born on 23rd of August 1564 in a town North of London called Statford –upon-avon. He married at a young age to a woman much older than him called Ann Hathaway, and had three children , 2 girls and a boy. Shortly after he went to London to work in theater as an actor but also began writing all types of plays, mostly funny or sad.

Soon the number of people going to the theater became more and more. People were enjoying the stories Shakespear was writing, and were buying tickets to see the plays. Shakspeare became rich and his famous plays were Romeo and Juliet, Hamlet, and King lear. During His final years, Shakespear returned to live in Stadford and died on the same day and month he was born in 1616. Today Shakespeare still lives through his plays which can be watched in theatre and also seen in movies.
