

Monster Colors

by Ms. T's
Kindergarten
Shoppe

A write the room activity to
practice reading and writing
color words.

Monster Colors

by Ms. T's Kindergarten Shoppe

Thank you so much for downloading my product! My teaching has gotten so much better since I found Teachers Pay Teachers and I am excited to join this community!

Please let me know if there are any errors or anything I can do to improve my products. My students love to grab a clipboard and complete write the room activities during center time. This activity will help your students practice writing and reading color words.

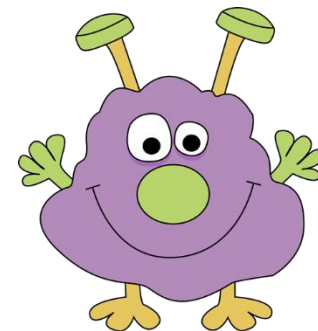

Directions

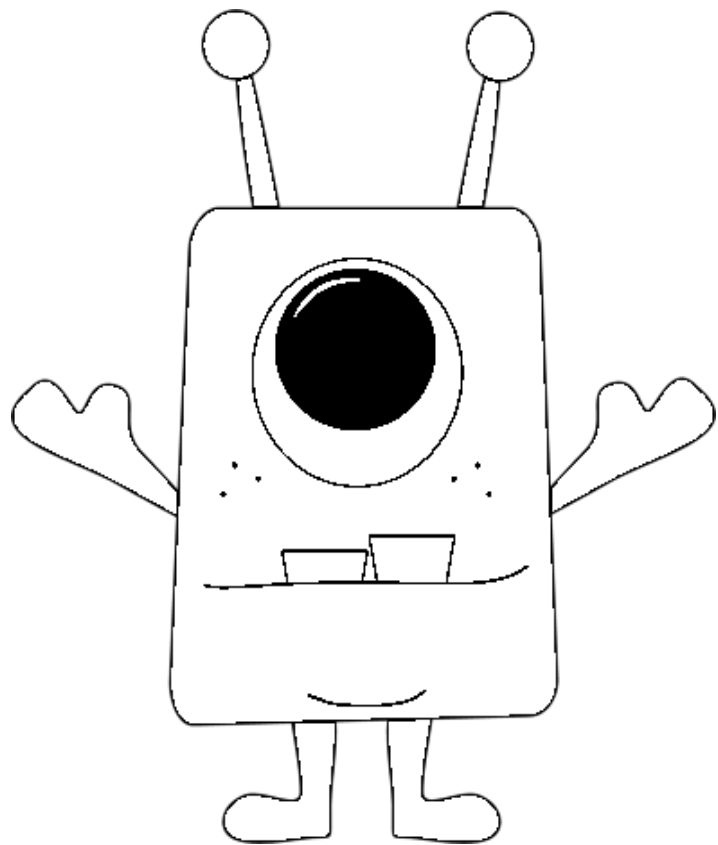

Cut out the big monster cards and hang around the room. Give students a copy of the recording sheet and a clipboard. Students hunt for each monster and write the color word under the monster on their recording sheet. They then color the monster the correct color.

Differentiation

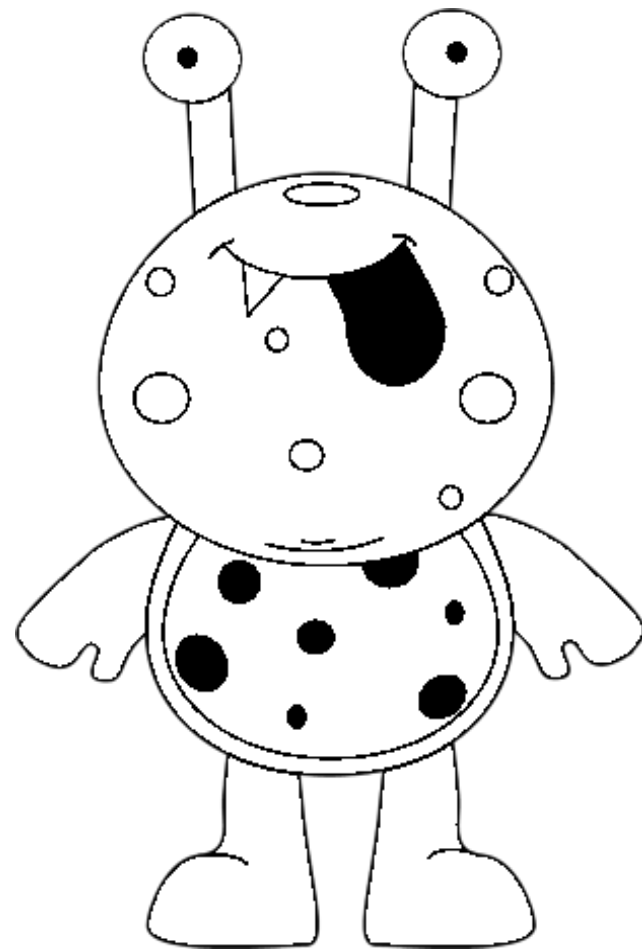

Students that are having trouble or students with poor handwriting skills can use the recording sheet with the traceable words. For students that are just beginning to learn color words, you can color the monsters on the monster cards the correct color after you print out the cards.
